Three Captains
Johnson Pier, Half Moon Bay

RE: New Hoist (2nd hoist) at Johnson Pier

Larry,

For our record and files, you are authorized to install the noted hoist on the face side of the Johnson Pier at the location we have recently agreed to.

Your installation will be a "probationary or tentative" installation and location for up to 1 year as a trial for our use review. The end date of the noted 1 year will be April 1, 2015. Being this is your equipment, if there is a move required due to issues, the cost of location change will be borne by Three Captains.

The working space for the second hoist is to be 25 feet long and 8 feet wide/deep and area will be marked by a red line of paint to identify the space. As part of this activity the original space across the pier will be given up upon hoist installation and red line painted in.

Additionally, please make copies of any and all signed off permits and if so required copies of hoist certification inspections and forward them to me.

Thank you for working with us on this installation opportunity and striving to keep the fish unloading safe and secure for all parties.

Sincerely,

Scott Grindy
Harbor Master
San Mateo County Harbor District
